ULTRA CLEAR RESIN & HARDNER

We have introduce new product **ULTRA CLEAR RESIN & HARDNER**
It comes in clear transparent liquid form .

U can make many products like Statues, Show Pieces, Paper Weight,
Table Top decorative items, Coasters, Pendant, Gift articles, Bracelates,
Resin art painting etc etc ... & many more items as per your desired choices
in transparent & opaque form.

Basically it is one kind of liquid transparent plastic so you can make your
deisred products with help of any moulds . Very easy to use just mix & pour .

INSTRUCTION HOW TO USE

RATIO RESIN 2 PART : HARDNER 1 PART

STEP 1 Pour **ULTRA CLEAR RESIN** desired quantity in any plastic
container .Take little big container to avoid spilling since after pouring you
have to stir it well so better take big container for mixing.

STEP 2 Add Colour , mica , glitters as per your choice . Colours few drops
depends on quantity of resin . Stir it well along with help of any wooden stick
or Silicone spatula for few minutes & see your desired colour

STEP 3 Now add **HARDNER** approx 50 % of **ULTRA CLEAR RESIN**
& stir it well see to it that the hardner is dissolve properly with the resin.
Keep your moulds ready before the above process.

STEP 4 When the mixture is ready then pour it to your Mould see to it that
less bubbles are form while pouring .
If at all you find bubbles on top or inside use torch gun or flame lighter
on top of the moulds so that bubbles disappears.

STEP 5 Now let it set for approx 4 to 6 hours depends on your size of moulds.
If you want to insert any accesories inside the piece then pour little mixture
then place the item & let it set for some time then pour the rest till top.

We also provide complete raw materials for **EXCLUSIVE CANDLE MAKING**
& **HAND MADE ORGANIC SOAP MAKING** items
